22. (new) The apparatus according to claim 1 wherein said component is a trunk lid.
23. (new) The apparatus according to claim 7 wherein said controller is a Body Control Module.

## REMARKS

Applicant elects invention I including claims 1-7. Claim 1 is amended to correct the typographical error referring to automobile body in the preamble and vehicle body in the claim body. Applicant adds new claims 20-23 which are directed to invention I. No new matter is added.

This application is believed to be in condition for allowance, which is herewith respectfully requested.

Respectfully submitted,

Laura C. Hargitt
